

spARK Labs External Event Constitution

This constitution sets the rules for external groups reserving space at spARK Labs for events. It exists to protect our brand, keep our team's workload manageable, and make sure every event held here reflects and reinforces our mission.

Internal Roles

- Edwin owns sending the event form inquiry when Becca loops us in on someone interested in hosting an event at spARK Labs.
- Edwin owns quotes, logistics, adding the event to the calendar, and communications once the event form is submitted.
- Cassandra is responsible for marketing the event space via email, website and social media.

Theme Requirement

Every external event must align with at least two of spARK Labs' four core themes:

- Technology
- Entrepreneurship
- Education
- Local Community

Events that don't clearly connect to at least two of these themes will not be approved.

Exceptions

The only time an event may fall outside the theme requirement is if the host is a sponsor or a Friend of spARK. In those cases, we can make an exception internally on a case by case basis.

Event Space Setup

- Innovation Foundation Hall is only offered in theater style. This keeps setup and teardown manageable for our team and avoids excessive furniture moving between events.
- Training Rooms are always set in classroom style.

Pricing

- Innovation Foundation Hall: \$500 per hour
- Training Rooms: \$125 per hour
- The balcony is included with either space at no additional charge, if requested.
- Nonprofit organizations receive 25% off standard pricing.
- Setup and teardown time is not complimentary. Hosts must reserve and pay for the entire block of time they need, including setup and breakdown, not just the event itself.
- All event reservations include a 20% service fee, added to the total space rental cost.

Cleaning & After-Hours Support

To ensure every event leaves the facility in excellent condition, cleaning requirements are based on the size and nature of the event.

- Under 30 attendees: No cleaning fee applies. The 20% service fee still applies.
- 30–100 attendees: A flat \$200 cleaning fee will be added. Cleaning will be completed by the spARK Labs team.
- 100+ attendees: Professional cleaning support is required. Cleaning is billed at \$50 per hour for one cleaner or \$100 per hour for a two-person team, depending on the event's needs. spARK Labs will determine the appropriate staffing level based on attendance, catering, event duration, and venue setup.

After-Hours Events

Events taking place outside of our regular business hours (Monday–Friday, 8:00 AM–5:00 PM) require professional cleaning support.

- One cleaner: \$50 per hour
- Two-person cleaning team: \$100 per hour

The number of cleaners required will be determined by spARK Labs based on the size and needs of the event. The applicable cleaning fee will be included in the event quote and agreement.

Public Events and Promotion

If a host marks their event as open to the public, spARK Labs will help promote it. For public events, we will:

- Share the event with our members via calendar invite
- Include it in the "Happening This Week" screen, social post and slack reminders

Insurance

Every external event is required to carry Special Event Insurance, regardless of whether alcohol will be served.
